### MASSAC BRIDGE

IS COMPLETED AND TRAVEL IS RESUMED.

of to November 14th, 1909. One of the Big Bridge Contracts In Illinois Is Finished.

> Metropolis, Ill., Dec. 31.-Once this city and a large section of Pope county is in shape for traffic. This is good news to say the least and a representative of this paper, after viewing the new concrete and steel dge just completed last Friday at the Johns farm, gives it as his opinion that it will not soon be interrupted again by the same causeof course he knows.

At the time of the recent flood in is section, the old wooden bridge oss Massac creek on the main Golada road and about a mile and a half from this city, was washed completely away and demolished general It has given more or less trouble for a number of years. The recent board of county commissioners, who have done so much for us in the way bridges took the situation in hand and contracted for a \$4,000 bridge to be erected on the spot.

The topography of the county at that spot is such as to make long approaches to the bridge necessary and as the appropriation did not provide funds for the erection of these dumps, it was necessary to call upon those in that section most interested to come forward and see the work through to completion. This they did with a will and the result is a will have to spit on its hands and Butter (packing stack) ......16c vestment market. take a new hold on to every move Turkeys (pound) .. .........15c or put out of commission.

for a year or more, telling you that you ought to know all about the company that carries your fire insurance, but have you done anything about it? Many have, but the majority of policy-holders have done nothing about the selection of a company. They are still "fiddling."

In the history of fire insurance in America, a large majority of the fire insurance companies organized have failed or retired from business. To be insured in companies like Weil's, that have been in business a hundred years and will be in business a hundred years from now. costs no more than to be insured in one that may go out of business next week.

o the Honorable Mayor and General Council, Paducah, Ky.

Gentlemen .- In submitting for pur consideration this my annual port of conditions and requirenents of the judicial department I m glad to state that there have been ewer serious criminal cases coming before the police court for adjudication and settlement than at any time since my connection with the police lepartment, which has been ars. The felony cases that has me before the police court for trial as fallen off at least one-third: we have issued and disposed of 2,000 to 2,500 warrants of all kinds; there been some 500 warrants issued from my office that the parties have scaped and are now fugitives from justice in foreign jurisdiction, hence those warrants cannot be executed am free to say that Paducah has a smaller criminal class than any city of its size in Kentucky. I am pleased to note that my re
